Lot(s) Number:

Email Address: _____

Address of Property:

Connection Fee: **\$250.00**

I/We hereby apply to Pearl River County Utility Authority (PRCUA) for sewer service at the address of the property stated above. In consideration of the undertaking on the part of PRCUA to furnish sewer service, I/we understand, covenant and agree as follows:

1. I/We understand that the on-lot components of a low pressure sewer system shall be, or already are, installed on the property stated above, which is owned by the undersigned, and which is to be connected with a wastewater disposal system owned and maintained by PRCUA. I/We warrant and agree that the installation, connection, and use of all on-lot components which are connected to the wastewater disposal system shall be in accordance with the Rules and Regulations of PRCUA. Regarding my/our usage of the system on-lot components on my/our property, which are owned and maintained by PRCUA, I/we agree to follow the guidelines for usage adopted by PRCUA, and understand that violation of the usage rules and guidelines which cause damage to the components shall result in my/our bearing the expense of repairing or replacing the same.

2. I/We understand and agree that all components of the sewer system which shall be installed on my/our property, including but not limited to the interceptor tank and pump (including control/switch panel) shall be and remain the property of PRCUA, and the amount paid with this application and contract is a nonrefundable connection fee to the PRCUA.

3. I/We hereby grant unto PRCUA, its successors and assigns, a perpetual easement in, over, under and upon the above specified property for the location of the on-lot components of the sewer system, with the right to operate and repair all components of the sewer system on my/our property, including but not limited to the interceptor tank and interceptor pump or interceptor gravity tank system, and the connecting lines from the tank to the main collection system line. I/we further grant PRCUA, its representatives and contractors permission to enter upon my/our property for any reason connected with the operation, maintenance, replacement or removal of the on-lot components of the sewer system. PRCUA will restore the property to reasonable pre-work condition

4. For all other plumbing and structures on the property, including the outfall line to the interceptor tank, I/we agree that I/we am/are responsible for all operation, repair and expenses thereof. Electricity and water supply charges are not the responsibility of PRCUA.

5. In the event Hide-A-Way Lake Club, Inc. should not handle billing and collection services, including cutoff for nonpayment, I/We hereby authorize PRCUA to purchase and install a cutoff valve on my/our side of my/our water meter and grant PRCUA exclusive right to use such valve in accordance with its Rules and Regulations. However, the use of this valve does not relieve the obligation to pay for water service to the service provider by the property owner. In the event that a water cutoff valve is not installed in the line and the property owner fails to pay any fee(s) or charges of PRCUA, the property owner hereby grants the PRCUA the right to shut off the sewer service to the property.

6. I/We agree to promptly pay for service at the then currently approved schedule of rates and fees and agree to abide by and be subject to the billing and cutoff procedures of PRCUA. Should I/we not pay in accordance with the PRCUA Rules and Schedule of Rates and Fees, I/we agree to pay all costs of collection, including attorney's fees.

7. I/We agree that this Agreement shall remain in effect as long as I/we own, rent or reside upon this property. When such circumstances no longer exist, I/we agree to provide notice to PRCUA at least thirty (30) days in advance of my/our vacating the property.
