The use of any wake enhancing devices, including ballast tanks, wedges or hydrofoils or other mechanical devices, or uneven loading of persons or gear is prohibited. (No wake surfing is allowed.) Speed and wake control is the responsibility of the vessel operator to ensure the "Main Lake Wake" being produced will cause no discomfort, hazard, injury, or damage to any surrounding person, vessel, or property. The operator must immediately suspend vessel operation if causing unsafe conditions.

I, property owner of the above referenced lot, agree that the boat listed here within this registration and all appurtenance meet all requirements and provisions of the Mississippi Boating Act of 1960, and amended (Sec. 8496-01-8596-30, MS Code 1942 annotated).

I have read and agree to abide by the boat rules and regulations. I agree to pay any and all administrative fees for breaking such rules and regulations.

I further understand there is a fee for registering a motor powered boat. I understand that the boat must be registered every year and that a new decal number will be issued to me.
